The screenshot shows a web browser window with a tab titled 'Form\_Example'. The browser's address bar and navigation buttons are visible at the top. The form itself is a light blue rectangle with a border. It contains several input fields: a 'Title' text box, a 'Date' field showing '15.03.2022 16:52:48', a 'Description' text area, and a 'Colors' section with three radio buttons labeled 'Blue', 'Green', and 'Black'. The form is divided into sections by thin lines, with some sections labeled with IDs like 'FormTextArea\_351ae', 'FormDatePicker\_96339', and 'FormRadioButtonGroup\_140b'. A vertical toolbar on the right side of the form contains various icons for editing, such as a pencil, eraser, and selection tools.

If you want to select several elements at once, hold down the **Ctrl** key and click the respective elements with the mouse.

- To add more elements to an existing selection, hold the **Ctrl** key and click on the elements you want to add.
- To remove an element from an existing selection, hold the **Ctrl** key and click on the element you want to deselect.

The screenshot shows a Windows application window titled "Form\_Example". The window contains a form with several fields:

- Title:** A text input field with a "Select All" button (highlighted with a red circle) and a "FormDatePicker\_36339" button.
- Date:** A date picker showing "15.03.2022 16:52:48".
- Description:** A text area with a "FormTextArea\_331 use" label.
- Colors:** A group of three radio buttons labeled "Blue", "Green", and "Black".
- FormDatePicker\_36339:** A date picker button.
- FormRadioButtonGroup\_11408:** A radio button group.

The "Select All" button is highlighted with a red circle.

You can select all the elements in the editor by using the context menu.

Click icon  to select all elements in the form.

See page [Working with the Form Editor](#) for a list of all available shortcuts and mouse actions in the Form Editor.
