This part of the Developer Guide explains all details around modeling BPMN with the Designer.

You can find:

- [reference pages for each BPMN element](#).
- explanatory pages on how to use the BPMN elements in your models.
- explanation on [how to perform common mapping tasks](#) with the Mapping Editor.

Idea_Management_Example

Click the icon to download a simple example model that shows what you can do with **Lanes** and **Forms** in **Scheer PAS Designer**. It also contains a configured **instance list** and shows the usage of **trigger events**.
