The landing page for the ACME Currency Converter API. It features a large orange circle icon with a white 'C' and the text 'ACME Currency Converter'. Below it is a brief description: 'With the ACME Currency Converter ACME Corp. presents you an API that supports you during invoicing.' At the bottom are two blue buttons: 'API Documentation' and 'Learn more'.

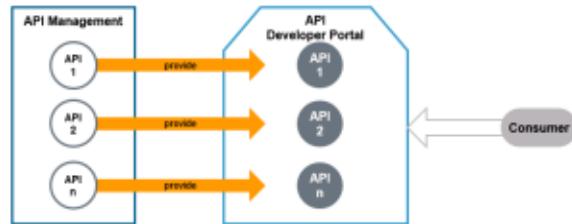

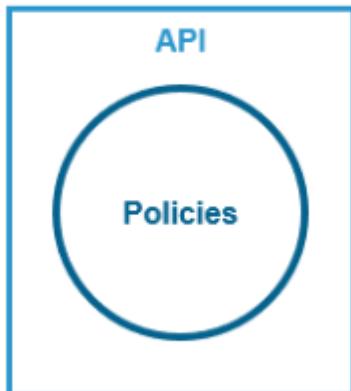

A screenshot of the API Developer Portal. The top navigation bar includes 'Home', 'Marketplace', 'My Clients', and a search bar. The main content area displays three API items: 'Request Mockups', 'Documentation API', and 'ACME Currency API'. Each item has a green '3.0' badge. Below these are 'API Documentation' and 'Learn more' buttons. A green success message box on the right says: 'Gateway Configuration Valid. Your gateway configuration is correct.' A sidebar on the right has icons for Home, Exports, API, and PL.

A screenshot of a software application showing a "Summary" tab. The interface includes a navigation bar with icons for Home, Matters, Billing, People, and Fees. Below the navigation, there are several sections: "Matters" (with a list of items), "Billing" (with a list of items), "People" (with a list of items), and "Fees" (with a list of items). At the bottom, there are "Add" and "Save" buttons.

A screenshot of a software application showing a "Select or create a new client" dialog box. It includes a search bar with "WINTER & PARTNERS" typed in, a "Create" button, and a list of available clients. One client, "WINTER & PARTNERS", is selected and highlighted with a blue border. A "Success" message at the bottom right says "Successfully created." with a small orange circular icon.
