Confirm Organization Deletion

Are you sure you want to delete this organization?

- All APIs inside this organization will be deleted.
- All clients inside this organization will be deleted.
- All contracts with APIs or clients within this organization will be deleted and can no longer be used.

☒ I confirm that I want to delete this organization.

Delete

Cancel

Since an organization is the container for all other elements such as plans, clients and APIs, you will have to confirm, that you want to delete the organization.

Option **Delete** is only enabled if you activate the checkbox.

A toast message indicates successful deletion.
