

Notifications

The **Notifications** menu informs you about important events in API Management and the API Developer Portal.

The notifications can also be sent by email. This feature must be enabled during the setup of your **Scheer PAS** installation. Ask your **Scheer PAS** administrator for help.

Notifications are sent on the following occasions:

Occasion	Recipients	Notifications Inbox	Email
New API sign-up request for an "approval required" API	<ul style="list-style-type: none">All members of the organization with role Edit or.The person who requested API access.	✓	✓
Approval of an API sign-up request	The person who requested API access.	✓	✓
Rejection of an API sign-up request	The person who requested API access.	✓	✓
Registration of a client	All members of the organization with role Editor .	✓	✗
API is retired	<ul style="list-style-type: none">Every user with role Editor and an existing contract between their client and the retired API.A notification will be sent for every affected contract.	✓	✓

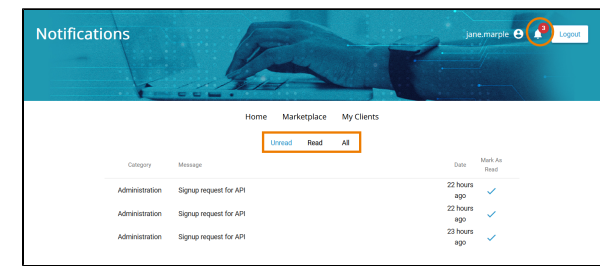

Tab **My Notifications** is displayed directly in the main navigation bar of API Management. The number of unread notifications is also shown. Click the tab to open the notifications:

All notifications are displayed in a list. You can use the filter to search for specific messages:

The notifications are also available in the API Developer Portal. In the API Developer Portal, you can select between different notification views (**Unread**, **Read**, **All**):

Use **Mark as Read** to send a notification from tab **Unread** to tab **Read**.

The screenshot shows the 'Clients' tab in the API Console. A table lists the following clients:

Client Name	Version	Status	Created	Updated	API Key	API Key
JanesTestClient	1.0	Active	2019-10-10 10:10:10	2019-10-10 10:10:10	api-key-1234567890	api-key-1234567890
WINTERPARTNERS	1.0	Active	2019-10-10 10:10:10	2019-10-10 10:10:10	api-key-1234567890	api-key-1234567890

A red circle is drawn around the version '1.0' of the 'JanesTestClient' row.
