PRINT MODEL TO WORD

Choose print options:

☒ Multiple pages

☐ Fit to one page

☐ Fit to multiple pages scaled

☐ Show header

[Download](#) [Cancel](#)

When you click on the **Create model as Word** icon in the toolbar, a new pop-up window appears.

In the pop-up window you can choose from 3 options:

1. **Multiple pages:** Zoo model that take multiple pages of the document
2. **Fit on one page:** Scale model to fit on one page of the document
3. **Fit to multiple pages scaled:** Scale model to fit on multiple pages

Once you have chosen the option you desire, click the **Download** button to download the document to your PC.
