

Adapter

The Category **Adapter** is only available inside the [Integration](#) element. Adapters are used for the integration of external data sources:

- [Machine Learning](#) (PAS 19.2)
- [Platform Service](#) (PAS 18.1)
- [REST](#) (BPaaS 16.08)
- [SAP Restifier](#)

Integration of a third system requires advanced knowledge. We are happy to help. If you would like to integrate external data sources, please contact your **Scheer PAS** consultant.
